

BMW Motorrad

*BROCHURE 2020.*

**BMW F 850 GS.**

*MAKE LIFE A RIDE.*

# OVERVIEW.

The BMW F 850 GS sets standards on almost any surface. With innovative features and state-of-the-art technology, the bike is a powerful long distance Enduro that masters every challenge even in demanding terrain. The distinctive design shows the Enduro at first glance as a bike with superior qualities – in the best tradition of the BMW Motorrad brand. In addition to the extensive standard equipment with LED headlight, ASC and the Rain and Road riding modes, BMW offers a unique selection of optional extras from Keyless Ride to shift assistant Pro. The powerful engine with its emotional sound, the chassis and suspension with high ground clearance and long spring travel as well as wide-ranging standard equipment characterise the unique riding experience. The two-cylinder 853 cm³ in-line engine delivers 70 kW (95 hp) and helps the Enduro show its superior riding performance both on and off the road. At the same time, it is powerful and economical. The robust aluminium cross-spoke wheels in 21 and 17 inch sizes are designed for tough off-road use and are fitted with tubeless tyres. A robust bridge-type steel frame in shell construction, a solid upside-down telescopic fork and an aluminium double-sided swinging arm with WAD spring strut ensure impressive riding characteristics.

STANDARD EQUIPMENT.

BMW F 850 GS

Model code: 0B19

Engine/drive

- Water-cooled two-cylinder four-stroke engine with four rocker arm-controlled valves per cylinder, two overhead camshafts and dry sump lubrication
- Capacity: 853 cc
- Max. output: 70 kW (95 hp) at 8250 rpm
- Max. torque: 92 Nm at 6250 rpm
- BMS-M digital engine management
- E-Gas (ride by wire)
- Regulated three-way catalytic converter
- Stainless steel exhaust system
- 6-gear shifting claw gearbox, integrated in the engine's casing
- Secondary drive via endless Z-ring chain with cushion damper at the rear wheel hub
- Mechanically operated multi-disc oil bath clutch with anti-hopping function
- Compliant with Euro 4 emissions standard

Dimensions/weight

- Length: 2,305 mm
- Height excluding mirrors(width including mirrors): 1,356 mm(922 mm)
- Wheelbase: 1593 mm
- Unloaded weight, fully fuelled/road-ready: 229 kg  
According to guideline VO (EU) 168/2013 with all equipment, with standard equipment, and filled to at least 90% of the usable tank capacity.
- Permitted total weight: 445 kg
- Max. load with standard equipment: 216 kg
- Usable tank capacity (of which reserve): 15 l (approx. 3.5 l)

Performance / fuel consumption

- Max. speed: over 200 km/h
- Fuel consumption per 100 km according to WMTC: 4.1 l
- CO<sub>2</sub> emissions in accordance with WMTC: 98 g/km
- Fuel type: Premium unleaded, 95 octane (RON);

Chassis

- BMW Motorrad ABS (switchable)
- ASC (Automatic Stability Control), switchable
- Upside-down fork, front (diameter:43 mm; travel front/rear): 230 mm/215 mm, for special equipment low-slung front/rear: 210 mm/195 mm)
- Aluminium double-sided swing arm at rear
  - Central spring strut with WAD (travel-dependent damping)
  - Hydraulically adjustable spring preload
  - Adjustable rebound damping
- Double disc brakes with floating discs, front (diameter 305 mm), double-piston floating calliper
- Single disc brake at rear (diameter: 265 mm), single-piston floating caliper
- Double-buttet aluminium handlebars
- Cross-spoke wheels, rims in gloss black (tires: front 90/90 21, rear 150/70 R17)
- Side stands with ignition cut-out switch

Electrical system

- Pro on-board computer  
Multifunctional display, rev counter and indicator lights for clear presentation of all relevant vehicle data and driving statistics such as kilometres driven, average speed and consumption, engine and outside temperature with ice warning below 3°C, range after reaching reserve fuel, current time, service date and remaining distance; information on the available driving modes and much more.
- 12 V power socket
- Electronic immobilizer
- Diagnostic interface
- Hazard warning lights
- Comfort indicator, white and LED tail light
- LED headlight (low-beam headlight and high beam)
- Heated grips

Equipment

- Two riding modes (“Rain” and “Road”); ABS and ASC (Automatic Stability Control) levels vary according to riding mode
- High windshield
- Small luggage grid
- One-piece seat (seat height: 860 mm; step length: 1,910 mm)
- Handles and detachable pillion footrests
- One key system for all locks
- Brake lever and clutch lever adjustable

Special features

- Plastic bash plate

Detailed information on Pro riding modes including ABS and DTC

Rain and Road modes are available as standard. The Pro option includes two additional modes Dynamic and Enduro. Coding plug changes Enduro mode to Enduro Pro mode. This mode ensures that the motorcycle's control systems are optimised for sporty off-road use with lugged tires and the settings for throttle response, DTC and ABS Pro can be configured in a variety of ways.

Optional equipment available at additional cost

• TPC (tire pressure control)	Option code 530
• HP Sport silencer	Option code 19A
• Lowered suspension (seat height: 815 mm/step length: 1830 mm) Includes exclusively Option code 774 Low seat. Not in conjunction with Option code 191 Dynamic ESA (Electronic Suspension Adjustment )or Option code 636 Centre stand.	Option code 499
• LED headlights (design option with LED fibre-optic conductor)	Option code 192
• Keyless Ride (keyless access)	Option code 193
• Anti-theft alarm system	Option code 603
• Comfort seat, black/grey (seat height: 875 mm/step length: 1,950 mm)	Option code 775
• Navigation device preparation	Option code 272
• Connectivity with 6.5" TFT display <sup>1</sup> Multi-functional info display with 6.5" full-colour TFT display as well as media and telephone functions. With additional information and navigation via the BMW Motorrad Connected app.	Option code 6AB

Low seat, Pro riding modes, shift assistant Pro, HP sport silencer, pannier and top box holders, centre stand, heated grips, white LED indicators, anti-theft alarm system, comfort seat, preparation for navigation device and hand protectors can also be retrofitted as Original BMW Motorrad accessories.

<sup>1</sup> Helmet with BMW Motorrad communications system and smartphone required (available separately). Costs may be incurred through your mobile data plan. More information about your data and roaming tariffs is available through your mobile phone operator. Hands-free telephony (HFP), media playback (A2DP and AVRCP) and navigation (SPP/iAP) are supported by most current smartphones. The BMW Motorrad Connected app is available for devices with an up-to-date iOS operating system or an up-to-date Android operating system. The type and range of navigation is dependent on the technical environment and the user's mobile device.

Navigation is available via the BMW Motorrad Connected App as long as BMW Motorrad receives card data and navigation services from a third party provider for a minimum of 3 years after the initial registration. Further information is available at [www.bmw-motorrad.ca/connectivity](http://www.bmw-motorrad.ca/connectivity).

# ORIGINAL BMW MOTORRAD ACCESSORIES.

## HP PARTS.\*

### HP sport silencer / HP sport silencer, Black

The high-end titanium-clad silencer delivers an impressively rich sound and is a clear avowal to racing, both visually and acoustically. The high-quality slip-on model offers a weight saving of approx. 2.3 kg compared to the standard model thanks to its lightweight design. HP Sport silencer also available as optional equipment.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- 1 • HP sport silencer
- 2 • HP sport silencer, black

### HP handbrake lever and HP clutch lever.

The HP hand levers made of grey anodized aluminium accentuate the sportiness of the bike. The HP handbrake lever can be ergonomically adjusted to the hand width in five steps, the HP clutch lever in three steps.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- HP handbrake lever
- HP clutch lever

## STORAGE.

### Aluminium cases

The perfect solution for touring fans who place the highest demands on themselves and their equipment: The aluminium cases offer 80 litres of storage space. This robust piece of transport equipment is dust- and waterproof. Many practical details impress even under extreme conditions. Case holders also available as optional equipment.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

Only available in conjunction with case holder for aluminium cases.

- 4 • Aluminium cases (44 l, left and 36 l, right)
- 5 • Black aluminium cases (44 l, left and 36 l, right)
- 6 • Case holder for aluminium case (left and right)

(+) Mounted parts

When used with aluminium cases, the black coating can rub off at the contact points.

## STORAGE.\*

### Aluminium top box and backrest pad

The perfect solution for touring fans who place the highest demands on themselves and their equipment: With its volume of 32 litres, the aluminium top box offers enough space for a BMW Motorrad helmet. The robust box is dust- and waterproof, practical details impress even under extreme conditions. The comfortable backrest pad for the aluminium top box offers the passenger more comfort both on short trips and on long tours.

Aluminium top box only in conjunction with top box holder.

- 7 • Aluminium top box, 32 l
- 5 • Aluminium top box, Black, 32 l
- 8 • Backrest pad for aluminium top box
- • Top box rack for aluminium top box
- (+) Mounted parts

### 9 Liners for aluminium cases and top box

The waterproof liner for the aluminium luggage system gets the luggage organized and facilitates loading and unloading.

- Liner for aluminium case, left
- Liner for aluminium case, right
- Liner for aluminium top box

### 10 Luggage compartment separating net for aluminium panniers

The luggage net creates more order in aluminium panniers and top boxes and facilitates access to frequently used items.

- Luggage compartment separating net for aluminium cases

### 11 Carry handles for aluminium luggage system

The practical carry handles for aluminium cases and top boxes make it easy to transport the luggage to and from the bike.

- Carry handle for aluminium case / top box

\* Original BMW Motorrad accessories are available from your BMW Motorrad dealer. For information on speed and load limitations, please refer to the instruction booklet.

(+) = "and" this item must be ordered at the same time  
(o) = "or" this item can be used as an alternative

For more detailed information, contact your BMW Motorrad dealership or go online at [bmw-motorrad.ca](http://bmw-motorrad.ca).

# ORIGINAL BMW MOTORRAD ACCESSORIES.

## STORAGE.\*

### 1 Vario cases

With its patented adjustment mechanism, the variable panniers offer stowage space of 30 to 39 litres on each side. The adjustable volume offers benefits, especially in city traffic, as the width of the pannier can be reduced at the same time. Naturally the variable pannier is waterproof and also suitable for off-road use.

Only available in conjunction with pannier racks.

- Variable pannier, left
- Variable pannier, right

### 2 Pannier racks for variable panniers

The variable panniers can be easily and securely attached to the sturdy pannier racks on both sides of the motorcycle. The racks are perfectly integrated into the overall appearance of the motorcycle. Also available as optional equipment.

- Pannier holders for variable panniers
- (+) Mounted parts

### Aluminium top box and backrest pad

The waterproof variable top box with its patented two-stage adjustment mechanism offers a variable volume from 25 to 35 litres. The volume can be varied in no time at all according to individual needs by turning a spring clip. The black box made of robust plastic is waterproof, suitable for off-road use and has a large GS inscription. Handy options are the tailored inner bag and backrest pad.

Variable top box only in conjunction with top box holder.

- 1 • Variable top box
- 3 • Backrest pad for variable top box

### 4 Top box holder for variable top box

The top box holder is used to securely mount the variable top box. Also available as an equipment option in conjunction with the pannier holders.

- Top box holder for variable top box
- (+) Mounted parts

## STORAGE.\*

### 5 Inner bags for variable pannier and variable top box

The inner bags get the luggage organised and facilitate loading and unloading. The carry handle and shoulder strap make the bag easy to access and transport. Practical details include the mesh partition with a zipped compartment in the lid and the volume which can be varied by an all-round zip.

- Inner bag for Vario case left
- Inner bag for Vario case, right
- Inner bag for variable top box

### 6 Tank bag and map pocket

The tank bag with an expandable volume from 8 to 12 litres is the ideal companion for short trips. The water-repellent external pocket, the splash-proof cable duct, the integrated rain cover with a transparent window and the all-round function bar are practical features that leave nothing to be desired. The removable and waterproof A4 map pocket ideally complements the tank bag.

- Tank bag, 8 l – 14 l
- Map pocket for tank bag

### 7 Adjustable insert for tank bag

The variable insert is a handy way to organize the contents of your tank bag. The interior can be organised any way you wish.

- Variable insert

### 8 Bag for passenger seat

With a volume of 2.5 to 8 litres, the bag for the passenger seat offers enough storage space for daily travel to work or a day out.

- Bag for passenger seat, 2.5 l – 8 l

\* Original BMW Motorrad accessories are available from your BMW Motorrad dealer. For information on speed and load limitations, please refer to the instruction booklet.

(+) = "and" this item must be ordered at the same time  
(o) = "or" this item can be used as an alternative

# ORIGINAL BMW MOTORRAD ACCESSORIES.

## STORAGE.\*

### 1 Bag for luggage carrier

With a volume of 4.5 litres, the bag for the luggage carrier is a practical addition or alternative to the tank bag.

Only available in conjunction with luggage carrier.

- Bag for luggage rack, 4.5 l

### 2 Additional bag under luggage grid

The small and practical bag made of durable polyester fabric with a PVC coating creates additional stowage space under the luggage grid. This means that smaller items that the rider does not want to do without on the road are always on board.

Only available in conjunction with luggage grid.

- Additional bag under luggage grid

### 3 Small softbag

The small softbag with its waterproof main compartment and water-repellent exterior pockets offers a storage volume from 30 to 35 litres. The padded carry handle and a shoulder strap make transport easy. Can be mounted individually to the bike by means of adjustable straps with snap-fit fasteners.

Only available in conjunction with luggage carrier.

- Small softbag, 30–35 l

### 4 Large softbag

The large softbag with its waterproof main compartment and water-repellent exterior pockets offers a storage volume from 50 to 55 litres. The padded carry handle and a shoulder strap make transport easy. Can be mounted individually to the bike by means of adjustable straps with snap-fit fasteners.

Only available in conjunction with luggage carrier.

- Large softbag, 50–55 l

## STORAGE.\*

### 5 Luggage roll

This waterproof luggage roll with large opening can be used universally and offers a volume of 50 litres. The zippered liner and the small outer mesh pocket provide space for smaller items. A detachable shoulder strap and padded carry handles make transport to and from the bike easy.

Only available in conjunction with luggage carrier.

- Luggage roll, 50 l

### Atacama luggage roll, 40 l

The Atacama luggage roll made of a robust mix of materials convinces with clever details and a storage volume of 40 litres. In addition to the waterproof inner bag, various storage compartments provide additional space. The versatile fastening concept, three carry handles and backpack function ensure a secure hold and extremely practical handling.

- Atacama luggage roll, 40 l

- Tension strap for Atacama roll bag, lockable

### Atacama side bags

The Atacama side bags convince with clever details and a combined storage volume of 60 litres. In addition to the waterproof inner bags, various storage compartments provide additional space. Quick-release fasteners for easy mounting on the motorcycle and sturdy carry handles ensure a secure hold and extremely practical handling.

- Atacama side bags, 60 l

(+) Mounted parts

- Tension straps for Atacama side bags, lockable

### 9 Folding backpack

The lightweight folding backpack is a helpful companion when spontaneous storage space is required on the move. It can be stowed under the seat.

- Folding backpack

### 10 Pack bag set

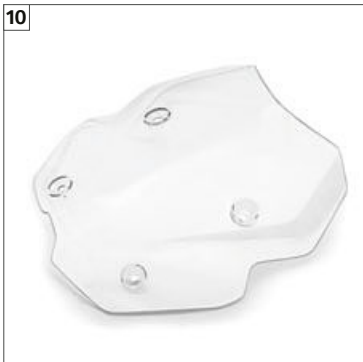

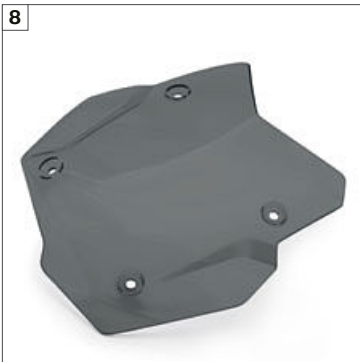

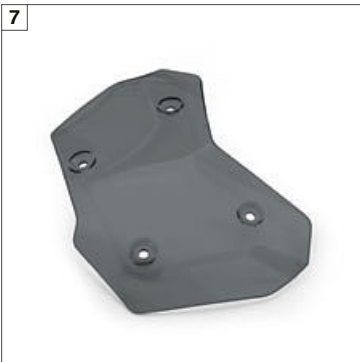

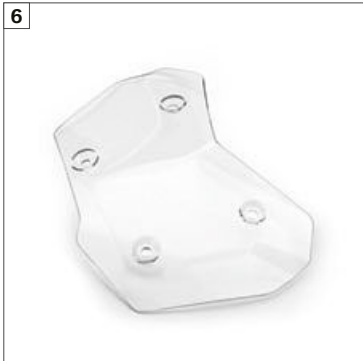

The practical pack bag set keeps the BMW Motorrad case organised. It includes five bags in three sizes and a laundry bag.

- Pack bag set

\* Original BMW Motorrad accessories are available from your BMW Motorrad dealer. For information on speed and load limitations, please refer to the instruction booklet.

(+) = “and” this item must be ordered at the same time  
(o) = “or” this item can be used as an alternative

# ORIGINAL BMW MOTORRAD ACCESSORIES.

## DESIGN.\*

### 1 LED indicators

A shining example: The beautifully designed LED indicators with white turn indicator glass convince with their slim design and modern lighting technology. They respond much faster than incandescent lamps and are virtually wear-free. This provides a clear safety advantage in road traffic. Also available as optional equipment.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- LED indicators (front and rear)

### Decorative sticker sets

The decorative sticker sets are perfectly tailored to the motorcycle and create an attractive, unique look.

- 2 • Decorative New Ways sticker set
- 3 • Decorative Free sticker set
- 4 • Decorative Lines sticker set
- 5 • Decorative Fresh sticker set

## ERGONOMICS AND COMFORT.\*

### Windscreen small, clear/tinted, windscreen large, tinted

The small windscreen provides good wind and weather protection while giving the vehicle a sporty look, especially in the tinted option. The tinted version of the large standard windshield underlines the sporty appearance of the motorcycle. The scratch-resistant coating ensures long-term unimpeded visibility.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.  
Large windshield, tinted optionally available in conjunction with windshield adjustment.

- 6 • Small windshield, clear
- 7 (o) Small windshield, tinted
- (+) Mounted parts
- 8 • Large windshield, tinted

### Touring windshield clear/tinted

The touring windshield is approx. 80 mm higher and 30 mm wider than the standard windshield and therefore offers noticeably improved wind and weather protection as well as greater overall touring comfort. The scratch-resistant coating guarantees lasting transparency, while the clear look emphasises the high-quality appearance.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.  
Optionally available in conjunction with windshield adjustment.

- 9 • Touring windscreen, tinted
- (+) Mounted parts
- 10 • Touring windscreen, clear
- (+) Mounted parts

### - Windshield adjustment

With the windscreen adjustment, the rider can vary the position of the standard windshield and the touring windshield in two stages.

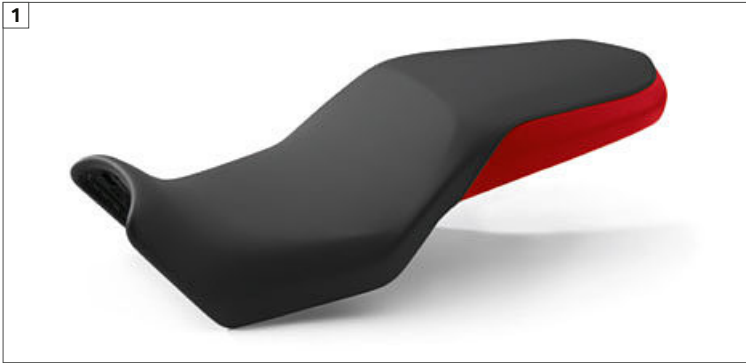

- Windshield adjustment

\* Original BMW Motorrad accessories are available from your BMW Motorrad dealer.

(o) = "or" this item can be used as an alternative

For more detailed information, contact your BMW Motorrad dealership or go online at [bmw-motorrad.ca](http://bmw-motorrad.ca).

# ORIGINAL BMW MOTORRAD ACCESSORIES.

## ERGONOMICS AND COMFORT.\*

– **High handlebars**

The high handlebars are 14 mm higher than the standard handlebars. This not only enables an upright and comfortable sitting position, but also makes riding while standing particularly comfortable. Secure handling of the motorcycle is noticeably easier (particularly in the standing position) – an indispensable advantage for Enduro riders.

To be fitted and/or enabled in a specialist workshop, and ideally at your BMW Motorrad dealership.

- Handlebars, high

**Two-coloured seats**

The two-tone benches of the BMW F 850 GS are available in standard seat height as well as in the low version for easier boarding and handling. Seat available in low version and as an equipment option.

- Seat black/red (see Fig. Page 4)  
(Seat height: 860 mm; step length: 1,910 mm)

- Seat black/grey (see Fig. Page 5)  
(Seat height: 860 mm; step length: 1,910 mm)

- 1
- Low seat black/red  
(Seat height: 835 mm; step length: 1,870 mm)

- 2
- Low seat black/grey  
(Seat height: 835 mm; step length: 1,870 mm)

## ERGONOMICS AND COMFORT.\*

3 **Comfort seat**

The comfort seat with its additional upholstery and a wider seat area offers noticeable benefits in seating comfort and therefore even more carefree miles for both rider and passenger.

Also available as optional equipment.

- Comfort seat  
(seat height: 875 mm/step length: 1,950 mm)

4 **Rallye seat**

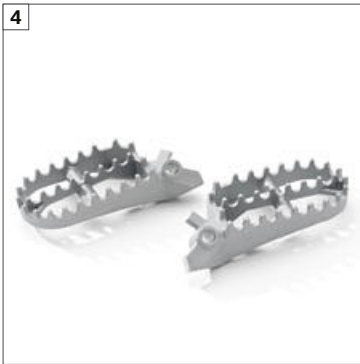

Increased seat height, narrow shape for great ground accessibility, particularly hard padding for off-road use – the Rallye seat has everything to be desired for tough Enduro use. Moreover, its slim silhouette impressively emphasises the motorcycle's striking off-road look.

- Rallye seat  
(Seat height: 890 mm; step length: 1,980 mm)

\* Original BMW Motorrad accessories are available from your BMW Motorrad dealer.

## ERGONOMICS AND COMFORT.\*

### 1 Heated handlebar grips retrofit kit

The heated grips keep hands and fingers comfortably warm even on cold days and thus offer improved comfort and safety benefits. Also available as optional equipment.

To be fitted and/or enabled in a specialist workshop, and ideally at your BMW Motorrad dealership.

- Heated handlebar grips retrofit kit
- (+) Mounted parts

### - Pro gear-shift assist retrofit kit

The Shift Assistant Pro makes it easy to shift up and down without actuating the clutch. Also available as optional equipment.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- Pro gear-shift assist retrofit kit
- (+) Mounted parts

### - Centre stand

The stable centre stand ensures a safe standing position and offers advantages, for example, for minor maintenance work. Also available as an equipment option.

Not available in conjunction with No. 499 lowered suspension option.

To be fitted and/or enabled in a specialist workshop, and ideally at your BMW Motorrad dealership.

For more detailed information, contact your BMW Motorrad dealership or go online at [bmw-motorrad.ca](http://bmw-motorrad.ca).

- Centre stand
- (+) Mounted parts

### - Pro riding modes retrofit kit

The Pro riding modes and ABS Pro and DTC can be retrofitted using an enabling code. Also available as optional equipment.

To be fitted and/or enabled in a specialist workshop, and ideally at your BMW Motorrad dealership.

- Pro riding modes retrofit kit
- (+) Mounted parts

## ERGONOMICS AND COMFORT.\*

### 2 Adjustable gear lever

The gear lever with adjustable kick lever can be operated even better, especially when riding off-road in a standing position.

To be fitted and/or enabled in a specialist workshop, and ideally at your BMW Motorrad dealership.

- Adjustable gear lever

### 3 Adjustable footbrake lever

The height-adjustable footbrake lever has a wider step and a patented folding mechanism. The footbrake can be suitably adjusted for even better operation and control, especially when driving off-road while standing. Height adjustment can be done without tools.

To be fitted and/or enabled in a specialist workshop, and ideally at your BMW Motorrad dealership.

- Adjustable footbrake lever

### 4 Enduro foot pegs

The wider and longer stainless steel Enduro foot pegs provide more grip and better off-road vehicle control.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- Enduro foot pegs
- (+) Mounted parts

### Adjustable rider footrests

The spring-mounted rider footrests are adjustable in three positions and offer maximum comfort and sure-footedness on and off-road.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

## NAVIGATION AND COMMUNICATION.\*

### 1 BMW Motorrad Navigator VI

The multifunctional BMW Motorrad Navigator VI makes route planning child's play. The system with 16 GB flash memory and a five-inch touch screen always shows the right way. Thanks to the circular polarisation filter (CPOL), the waterproof display is easy to read even in direct sunlight. The high-resolution screen in a casing similar to a smartphone provides all the essential information and ensures that you can see the big picture required in every situation. Numerous additional functions make planning and touring an exciting experience. Plan your routes according to your personal preferences and enjoy driving on winding and quiet side roads. The "round trip" option is a good choice on unfamiliar terrain. In the end it will reliably lead back to the starting point. The Bluetooth connection to the BMW Motorrad communication system and the optional Smartphone Link app enable multimedia on the go: navigation announcements, telephone calls and music streaming as well as the retrieval of weather forecasts or traffic jam information are no problem. With the navigation preparation, further functions such as "My motorcycle" are available; alternatively, control via the multi-controller on the handlebars is possible. Choose the pre-installed map data, and you will always be up to date thanks to lifelong, free map updates.

BMW Motorrad navigation systems only available in conjunction with navigation device preparation.

- BMW Motorrad Navigator VI

### Navigation preparation retrofit kit

The navigation preparation retrofit kit with a holder and Mount Cradle for the instrument cluster integrates the BMW Navigator neatly into the cockpit and thus into the rider's direct field of vision. The navigation system is secured against theft and can be conveniently operated via the Multi-Controller on the handlebars. Also available as optional equipment.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.  
Not available in conjunction with the smartphone cradle holder or handlebar extension.

- Navigation preparation retrofit kit

(+) Mounted parts

### - Car kit for BMW Motorrad Navigator VI

If you are leaving your motorcycle at home, you can use the BMW Motorrad Navigator VI in your car in just a few easy steps thanks to the Car kit.

- Car kit for BMW Motorrad Navigator VI

## NAVIGATION AND COMMUNICATION.\*

### 2 BMW Motorrad smartphone cradle

BMW Motorrad's robust smartphone cradle provides a safe and protected place for your smartphone. This means that useful functions such as navigation information and online information can also be used while you are on the move. Thanks to the handy charging function, your smartphone is also always ready for action on extended bike tours.

To be fitted and/or enabled in a specialist workshop, and ideally at your BMW Motorrad dealership.  
Not available in conjunction with preparation for navigation device or handlebar extension.

- BMW Motorrad smartphone cradle

- Smartphone cradle holder

(+) Mounted parts

### 3 BMW Motorrad dual USB charger

The BMW Motorrad dual USB charger can be used to charge two mobile devices conveniently via the motorcycle's 12 V socket while riding. Thanks to the automatic detection of charging technology the device automatically delivers the maximum possible charge current, thus ensuring the fastest possible charging.

- BMW Motorrad dual USB charger with 60 cm cable

- BMW Motorrad dual USB charger with 120 cm cable

### - USB ports

Only in conjunction with dual USB charger.  
Charging function only, no multimedia function.

- BMW adapter cable for Apple iPhone/iPod

- BMW adapter cable for micro USB

\* Original BMW Motorrad accessories are available from your BMW Motorrad dealer.

(+) = "and" this item must be ordered at the same time  
(o) = "or" this item can be used as an alternative

## SAFETY.\*

### 1 Engine protection bars

The stainless steel engine protection bar provides effective protection for the motor housing without compromising the lean angle.

To be fitted and/or enabled in a specialist workshop, and ideally at your BMW Motorrad dealership.

- Engine protection bar
- (+) Mounted parts

### 2 Enduro aluminium bash plate

This sturdy Enduro aluminium bash plate was specially constructed for off-road use and provides effective protection against damage for the lower section of the engine.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- Enduro aluminium bash plate
- (+) Mounting parts

### 3 Hand protectors

The hand protector made of shatter-proof plastic provides effective protection against wind, rain, low branches and flying stones.

The installation manual is available for download from the BMW Motorrad website. Part of the BMW F 750 GS Exclusive optional equipment package. Also available as an equipment option

- Hand protectors

### 4 Headlight guard

The headlight guard, which is only approved for off-road use, is easy to attach and effectively protects the headlight from damage off-road.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership. No vehicle type approval.

- Headlight guard (for off-road use only)

## SAFETY.\*

### 5 LED additional headlights

The powerful LED additional headlights in a compact aluminium housing ensure better vision and visibility even in fog, rain or snowfall. At the same time, their white, daylight-like light colour ensures differentiated illumination of the road. LED technology ensures virtually wear-free operation.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- LED auxiliary headlights
- (+) Mounted parts

### 6 Brake disc lock with anti-theft alarm system

Double protection against theft: The brake disc lock with anti-theft alarm is the ideal theft deterrent when you're out with your bike. The lock made of hardened steel provides reliable protection against manipulation and is easy to store thanks to its compact dimensions. The anti-theft alarm detects the smallest movements and violent shocks and responds by emitting an acoustic alarm.

- Brake disc lock with anti-theft alarm system

### 7 Protective film for 6.5-inch TFT display

The protective film made of tempered glass reliably protects the 6.5-inch TFT display from dirt and damage, even off-road.

- Protective layer for 6.5-inch TFT display

### - First-aid kit

The extensive large first-aid kit from BMW Motorrad complies with the DIN standard for first-aid boxes and should not be missing from any motorcycle. The compact small first-aid kit from BMW Motorrad fits into any motorcycle and includes basic equipment for treating minor injuries.

- First-aid kit, large
- First-aid kit, small

## SAFETY.\*

### - Anti-theft alarm system retrofit kit

If the anti-theft alarm system is moved or struck violently, the system responds with a clearly audible signal and a hazard warning indicator lamp. Also available as optional equipment.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- Anti-theft alarm system retrofit kit
- (+) Mounted parts

### - TPC retrofit kit

Tire Pressure Control (TPC) with all functions can be retrofitted by installing the control unit. Also available as optional equipment.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- TPC retrofit kit
- (+) Mounted parts

## MAINTENANCE AND TECHNOLOGY.

### Automatic chain lubrication system

The chain lubricating system automatically supplies the drive chain with lubricant while riding. However, the system only works while the engine is running. The continuous lubrication minimises friction and wear of the chain drive, reduces the amount of maintenance and care needed and thus increases the service life of the chain.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

***RIDER EQUIPMENT.***

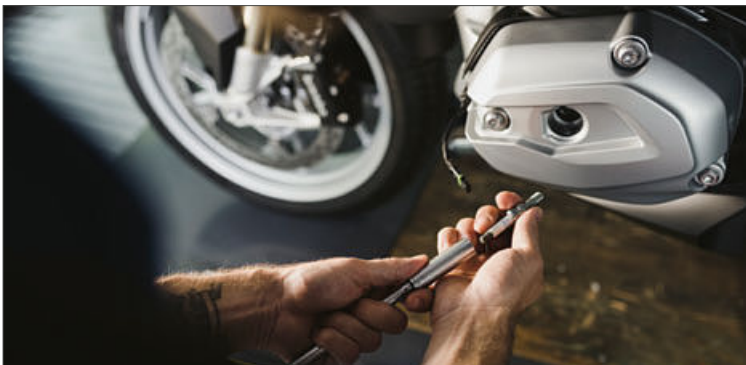

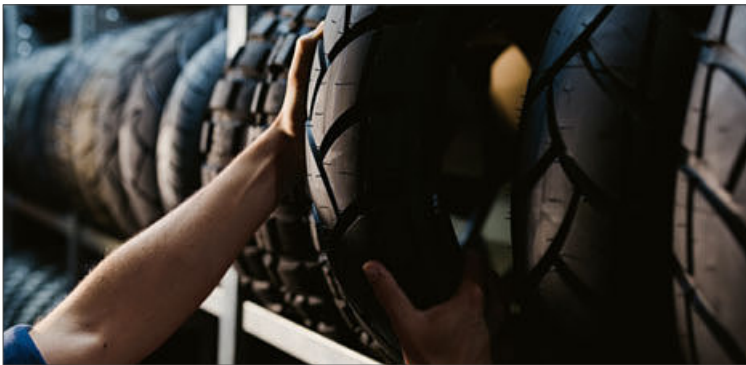

- 1 EnduroGuard suit**  
With the EnduroGuard suit you are always prepared, whatever the weather. This Enduro suit is the pinnacle of performance and practicality. The specially developed outer material made of Dynatec and Dynatec Stretch (with a partial ceraspace print) offers the highest levels of abrasion resistance. The three-layer laminate with BMW climate membrane offers perfect temperature regulation in this breathable, windproof and waterproof suit. A variety of ventilation zips and other clever details help create a bona fide ‘comfort zone’ for the rider even at warmer temperatures.
- 2 EnduroGuard glove**  
The multifunctional EnduroGuard glove with twin-chamber technology is truly unique, allowing riders to easily switch chambers when weather conditions change. The PROOF moisture protection chamber is breathable, windproof and waterproof, with a lining for thermal insulation. The GRIP chamber features wafer-thin, abrasion-resistant kangaroo leather, for a crease-free, tactile fit.
- 3 VentureGrip boot**  
The VentureGrip boots are an everyday crossover suitable for both Enduro and tour riders. The robust boots, made of full-grain cowhide leather, are excellently equipped and characterised by first-class wearing comfort. The BMW climate membrane makes them windproof, waterproof and highly breathable.

Find out about these items and other rider equipment at your BMW Motorrad dealer or at [bmw-motorrad.ca](http://bmw-motorrad.ca)

# SERVICES FROM BMW MOTORRAD.

## BMW Motorrad Service

The extensive service network of BMW Motorrad ensures your bike gets the care it deserves. There are over 22 BMW service centres in Canada alone, and if you're off on your travels, you'll find them in over 100 countries around the world. Their outstanding quality of service is based on reliability and speed whenever spare parts are needed, competent advice for riders, as well as excellent workshop performance. This has earned them exceptional ratings from many leading bike magazines.

## BMW Motorrad online

To find out more about BMW Motorrad and our product range, visit our website at [bmw-motorrad.ca](http://bmw-motorrad.ca)

## BMW Motorrad Roadside Assistance

We pride ourselves on the quality of aftersales care we provide. Like BMW Motorrad roadside assistance: round-the-clock breakdown assistance. Call 1-800-267-8269 If you have a breakdown in Canada or the USA, our experts will do everything they can to get you back on the road. If they can't fix the problem immediately, they'll get you to your destination by other means.

Ask your BMW Motorrad dealer for more information or visit [bmw-motorrad.ca](http://bmw-motorrad.ca)

## BMW Financial Services

Freedom on two wheels. BMW Financial Services helps you to get the most out of your riding experience. Financial services are very similar to configuring your own personal bike: an individual solution is always best. And that is particularly true when it comes to your mobility.

## Finance

BMW Financial Services offers convenient finance solutions that are tailored to your individual needs.

## BMW Basic Finance

Choose a term (12 to 84 months) with a downpayment and instalments to suit your budget. Get your personal quote from your BMW Motorrad dealer.

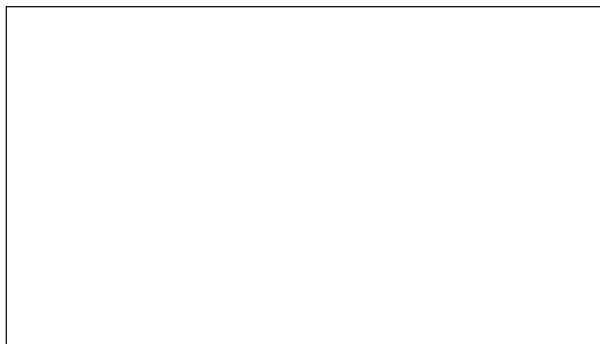

# ***MAKE YOUR DREAM A REALITY WITH 3ASY RIDE.***
