THE TURBOSPORT™ SERIES

All-new **TurboSport™** series

mStallion **T** GDI engine

XUV300
THINK BIG. THINK XUV300.

BORN FROM A RALLYING LEGACY

From rally to road, our petrol engines on the XUV300 have had quite the journey, starting with the 6-time rally champion vehicle Super XUV300 since 2019. Get set to experience limitless thrills with a rally-like experience on the TurboSport series. So that even a simple drive to your office is fueled with exhilaration.

POWER JUST GOT MORE POWERFUL.

Powered by the 1.2 L mStallion TGD_i engine, experience unadulterated thrills with best-in-class 96 kW (130 PS) Power and 230 Nm Torque. Comes with 6 speed manual transmission. That means more power, more thrill. And the same old swag.

0 to 60 km/h in 5 seconds*

- ✦ *Best-in-category low-end torque*
- ✦ *Engine Over Boost for momentary peak torque of 250 Nm*
- ✦ *Best-in-category fuel economy*

**Fastest SUV in the B-SUV segment under ₹ 15 Lakh*
