

## Urban Multi-Tool

The Keeway Vieste is a scooter designed to exceed the requirements of the daily commute. The latest in drivetrain and chassis technologies are brought to the forefront providing an effortless riding experience. Exceptional design and engineering result in a spectacular combination of power, comfort, and convenience. Cruise in confidence knowing you are always one step ahead.

### 01 Combination Dashboard

Analog gauges for RPM and speed, and a large LCD for other key metrics.

### 02 Quad-LED Headlights

Four LED projector lamps including daytime running lights provide superb illumination.

### 03 Wide Wheels & Tires

110/70-13 & 130/70-13 tires provide superb grip and enhance ride comfort.

### 04 Full-body Fairings

Edgy bodywork shields the riders from the elements.

### 05 Generous Braking

Large disc brakes with J. Juan calipers front and rear, both ABS.

### 06 Exhaust System

The large tuned muffler increases power and efficiency while being acoustically pleasing.

### 07 Low-profile Taillights

Low profile LED brake and signal lights sit flush with the slim bodywork, enhancing the edgy appearance.

### 08 Sculpted Seating

An aggressively contoured split-level seat for maximum rider and passenger comfort.

### 09 Swept-back Handlebars

Ergonomic handlebar placement put controls within easy reach.

### 10 Modern Powertrain

Liquid-cooled and fuel injected for efficiency and smoothness.

With a full list of features and design elements, the Vieste is built to keep up with a demanding lifestyle. The bold, angular bodywork - both functional and visually stunning - wraps around a cockpit built with convenience in mind. Effortless city riding is provided by a modern engine paired to an automatic CVT for excellent power, reliability, and ease of use. Quality suspension and braking components round it all off, creating a package that's ready to go when you are.
